

JOB POSTING

Ehattlesaht Ha-houlthee Mapping and Planning Project Coordinator

TERM POSITION September 10, 2018 December 28, 2018

RATE OF PAY \$13/hour

WORK WEEK 40 hours

RESPONSIBILITIES:

1. Interviewing Elders, Youth and other community members living in Ehattlesaht and away to identify traditional, modern and appropriate future activities and uses in the Ehattlesaht Ha-houlthee
2. Go through all old Ehattlesaht maps to pull out important information and create new password protected maps on Google Earth that capture the all the information and make it accessible to Ehattlesaht members for future planning and learning
3. Properly storing, mapping and analysing this data on Google Maps to create traditional use maps, maps of Ehattlesaht Village and heritage sites, mapping current Ehattlesaht and industry activities in Ha-houlthee and creating inspirational maps of what Ehattlesaht membership would like see happening in our Ha-houlthee, including our community
4. Organizing and Delivering two youth and elder learning retreats where participants will go out into Ehattlesaht Lands and Waters to learn about the territories.
5. Organizing and delivering a Digital Harvest project where they will support youth to create digital stories about Ehattlesaht Ha-houlthee, both to learn from traditional knowledge and traditional resource management principles and practices, and to identify the relationship they would like to have with the Lands, Waters and resources in the Ehattlesaht Ha-houlthee
6. Supporting the development of an Ehattlesaht Ha-houlthee data-base
7. Presenting Maps and Digital Stories to the Ehattlesaht community
8. Supporting Land Use Planning at community meetings
9. Developing a final report summarizing project outcomes and a summary of community input to present back to the community
10. Uploading documents, digital stories and maps to YouTube and Ehattlesaht Website.

If you feel you have the skill set to carry out these roles & responsibilities please submit your resume to our office.
